

Have Faith in Yourself. You can do it.

Attitude is something you wake up with in the morning. It is the thing you walk from darkness into light with when you wake up. It can be a good attitude and you can let it get bad or it can be a bad attitude and you can change it into a good attitude. The key is to always be aware of your attitude and want to keep it good.

The attitude you face life with will always cause how well you do. With the right attitude you can handle almost anything. Attitude will either speed you up or slow you down. It is to your advantage to keep a good attitude. No one is perfect but we all can do better.

Attitude is a “thinking exercise.” It is independent of everything else we do. It is a “want to” or a “don’t want to.” We choose our attitude. Perfect your “want to.” Become an expert on controlling your “don’t want to.” Change it.

The right attitude is based on your faith. The more faith you have the better your attitude will be. To trust God for all things is the best way to go. He can be trusted. Not one word He has spoken has failed. Your “want to” is sometimes doing it yourself when there is no one else to do it. Get it done. Your “want to” is sometimes doing nothing but just trusting God. He will make a way. Never say I can’t. You shut the door when you say that. With God all things are possible. Believe that. Impossible is no excuse. Your “want to” can be held back because of the lack of knowledge. Your “want to” is determined by your faith and knowledge. To learn you must experiment with the unknown. Push back your frontier. Climb your next mountain. Get a better view of your future.

Without hope we are miserable. But hope springs eternal. Not only do we have hope in this life but we are going to live forever with God in Heaven. One man with one mind can think positive and get going. Knowing your purpose is a powerful attitude. Develop a mind set around your purpose in life.

CORRECT YOUR SPIRIT!

There is a place in God that we must find. When we find it and work it into our spirit we are ready to trust Him with a brave trust. He invites us to cast all our cares on Him because He cares for us. He wants us to believe that “all” means “all.” He loves us and wants us to succeed. He wants us to believe in His word so strong that we can reach a place in our life that we have done all we can do and we stand letting Him alone work out our cares.

Having done all we stand. We take the Risk. We take the risk because God is well able to handle a problem we have. It is wise to cast all our cares on Him. The wise man Solomon spoke these words: “And I turned myself to behold wisdom, and madness, and folly: for what can the man do that cometh after the king? even that which hath been already done. Then I saw that wisdom excelleth folly, as far as light excelleth darkness. The wise man's eyes are in his head; but the fool walketh in darkness: and I myself perceived also that one event happeneth to them all.” Eccl 2:12-14. The one event that happens to all is death. After that the judgment.

GOAD YOUR SPIRIT WITH WISE WORDS.

A goad is a sharp pointed stick used for urging oxen ahead when they don’t want to. The words of the wise are as goads, and as nails fastened by the masters of assemblies, which are given from one shepherd. Eccl 12:11.

The words of the wise will correct your spirit. Let this scripture goad you. A soft answer turneth away wrath: but grievous words stir up anger. Prov 15:1 Learn to give soft answers when everything in you wants to snap back. Eccl 12:11 teaches us “wise words are goads that urge us to obey. Prov 15:1 goads us to “turn away wrath with a soft answer.” THAT’S SMART. If it doesn’t turn away their wrath hang in there. STAND. GET QUIET! Where no wood is, there the fire goeth out: so where there is no talebearer, the strife ceaseth. Prov 26:20 NO WOOD NO FIRE! Goad your spirit with those wise words.

You need to believe in yourself. Why? Because God believes in you. He made you for a purpose. God wants to put an exciting picture in your mind. This is how all inventions come into the world

First a man sees it. Then he does it. Once you see it in your mind you can do it. When you see it you have already done it once in your mind. You are ready to do it in real life.
