

Hello my friend,

The quality of the life we live is determined by the truth we embrace. To be Apostolic means we are right and have access to Apostolic Authority. If we use it wisely we will get Bible results. God has placed us on the cutting edge of life to win the lost. He positions Himself just ahead of us to greet us with new mercies every morning.

On the Cutting Edge, life does not come at us neatly numbered 1,2,3,4. It comes at random and we must sort it out. This is because we live on God's cutting edge. We breathe in our future and breathe out our past not knowing what's next. God prepared us for this through the apostles doctrine. Actually it's Jesus' doctrine.

This Newsletter is to introduce you to the disciplines of living on the Apostolic Cutting Edge. God has positioned Himself ahead of this cutting edge to create a future for His church. We stand there. It is all based on the Bible as God intended. We read the Bible in the English language but the pictures are the same in every language and work in favor of the individual.

The picture you see in the scripture is the truth that sets you free from the false hope of the world. Faith in God is the only faith that has hope in it. Deep in every scripture is a clear picture. Meditate until you see it clearly. The picture in His Word is a stronghold that will keep you safe on the cutting edge of your life. Through the picture in His Word you will learn how to give God what He wants. Faith in the scripture picture is the thing that pleases God. He that cometh to God must believe that He is and that He is a rewarder of them that diligently seek Him.

Faith is the body of the Word picture and works is the life of your faith in the Word picture. Thus faith without works is dead being alone. When you see the thing to do you must act. This puts life into your faith and you give God what He wants.

I have written 9 books and recorded one book on CD. One book in particular is LUKE IN THE GRIP OF TRUTH. This book is about the Apostolic Message that has kept me saved for 60 years. You will journey with Luke as he tells the story he obtained from eyewitnesses and experienced himself through his Gospel and his Book of Acts. Luke is the only Gentile writer in our Bible. Luke is God's official recorder of His Plan of Salvation.

There is more to the "Story" God wanted included in the Bible so He revealed it to Luke through eyewitnesses. Luke's story begins ***before*** Mary's Announcement by the Angel that she would have a Child. It has to do with the birth of John the Baptist. Since it is also the inspired Word of God, through LUKE, I want to include this valuable information in this article and call it "The New Testament ~ Page One." We must read the Bible with God in mind. What is God saying to us? Ask yourself in amazement ~ "What has God done? What is God still doing among us?" This will cause you to take a closer look at "The New Testament ~ Page One."

My book of Luke is written for believers living on The Apostolic Cutting Edge. It is exciting and informative. All who can read the English language will benefit from Luke's zeal to obtain truth for future generations. Luke is still doing damage to Satan today. You may purchase a copy for \$12.00 (9.95 + 2.05 S&H.) Email me today. Request a list of all my books.

Thank you for your service in the Kingdom
